Monday 14 December 2020

Thomas Carlu
DG CONNECT – Policy Officer*, Interactive Technologies, Digital for Education and Culture*

DG CONNECT
Communications Networks, Content and Technology

WHAT WE DO

- **Digital single market**
- **Modern, secure, open, and pluralistic society**
- **Digital transformation**
- **Technology breakthroughs and flagships**

2019 BUDGET
MANAGED BY DG CONNECT

Commitment
appropriations:

€2,669.490 billion

Payment
appropriations:

€2,086.110 billion

DG CONNECT is at the centre of a network of agencies working together to implement
and support the Digital Single Market

The Digital Single Market

- **Creating a digitally connected Europe**

- **Breaking down digital barriers for citizens and businesses**

- **To unlock online opportunities**

European Commission

Digital Service Infrastructure - DSI

Justice, home affairs and citizens' rights	Science and Technology	Business	Employment and Social Rights	Health
eJustice Portal **ODR**	**Open Data**	**BRIS**	**EESSI**	**eHealth**
Citizens need to solve disputes online across borders	Citizens and business partners can access data published by public sector institutions across EU	Citizens and business partners need **legal certainty when doing business cross-border**	Citizens need to enjoy their **social security seamlessly and online when abroad**	Citizens need to have **online access to their patient summary** when abroad

European Commission

European Student eCard DSI

The EU Student eCard core service platform should **enable automatic recognition of student status and identity across borders**, secure electronic exchange of academic data, as well as secure access to online student services based on the once-only principle.
