MyAcademicID – the future

João Bacelar
European University Foundation

Co-financed by the Connecting Europe
Facility of the European Union

Going digital means...

putting student identity at the centre of
mobility flows and processes
(rather than as an afterthought)

EDSSI

European Digital Student Service Infrastructure

- a) Maintain the MyAcademicID infrastructure
- b) Implement ESI in EWP
- c) And on student services

Challenge #1

Inclusive
In its ability to support all HEIs

Challenge #2

New use cases
That fully leverage on ESI/MyAcademicID

Challenge #3

Clarity
To allow timely planning

EWP use cases	Authentication	ESI
#1 - Own systems	As before	Implement/deploy (EWP spec)
#2 - Third party systems	As before	Implement/deploy (EWP spec)

	Authentication	ESI
OLA + eduGAIN	Baseline attributes from Mar-21 (name, email, org, affiliation)	Required from Aug-21
OLA + eIDAS	As before (w account linking)	
OLA + Google	Planned phase out Aug-21 (tbc)	

Make it work in just 3 steps:

1 – Join your national federation

2 – Join eduGAIN

3 – Release ESI

Thank you all!
